SHAIK MEHARUNNISA

Electronics and Communication Engineering Graduate

+91 8520838728 — shaikmeharunnissa59@gmail.com — Proddatur, Andhra Pradesh

PROFESSIONAL SUMMARY

Motivated Electronics and Communication Engineering student with a strong foundation in programming fundamentals and electronics. Completed a VLSI internship and gained practical exposure through a PCB Design Workshop. Skilled in C Programming and MS Office, with strong adaptability, attention to detail, and communication skills. Eager to apply technical knowledge, develop practical skills, and contribute effectively in an entry-level engineering role.

EDUCATION

Bachelor of Technology (B.Tech) – Electronics and Communication Engineering **2023**
CBIT College **CGPA: 8.12**

12th / Intermediate **2023**
Vignan Girls Junior College **CGPA: 7.30**

10th / SSC **2021**
Jeevan Jyothi High School **CGPA: 10.0**

TECHNICAL SKILLS

- C Programming
- PCB Design
- MS Office
- Basic Typing

SOFT SKILLS

- Adaptability
- Attention to Detail
- Communication
- Quick Learning

INTERNSHIP

VLSI Internship

- Gained practical exposure to fundamental VLSI concepts and electronic design methodologies.
- Developed an understanding of basic VLSI design principles through practical learning and technical activities.
- Strengthened technical and problem-solving skills through hands-on learning.

WORKSHOP EXPERIENCE

PCB Design Workshop

- Gained hands-on exposure to PCB design concepts and basic PCB layout procedures.
- Learned the fundamentals of circuit implementation using printed circuit boards.
- Developed practical understanding of electronic components, circuit connections, and PCB design processes.

ACHIEVEMENTS & ACTIVITIES

- Hackathon Participation
- Patent-Related Technical Work

LANGUAGES

English — Telugu — Hindi

ADDITIONAL INFORMATION

Career Interest: Electronics, VLSI, PCB Design, Engineering, and Entry-Level Technical Roles
Location: Proddatur, Andhra Pradesh, India
